

⇒ What is Line Graph:-?

A line graph is used to show change over time.

When do we use a line graph?

- when data is continuous.

- when we want to see trend (upward/downward)

ex:-

Day

Mon

Tue

wed

Thursday

Friday

Sat

Sunday

sleep hours:

7.2

6.5

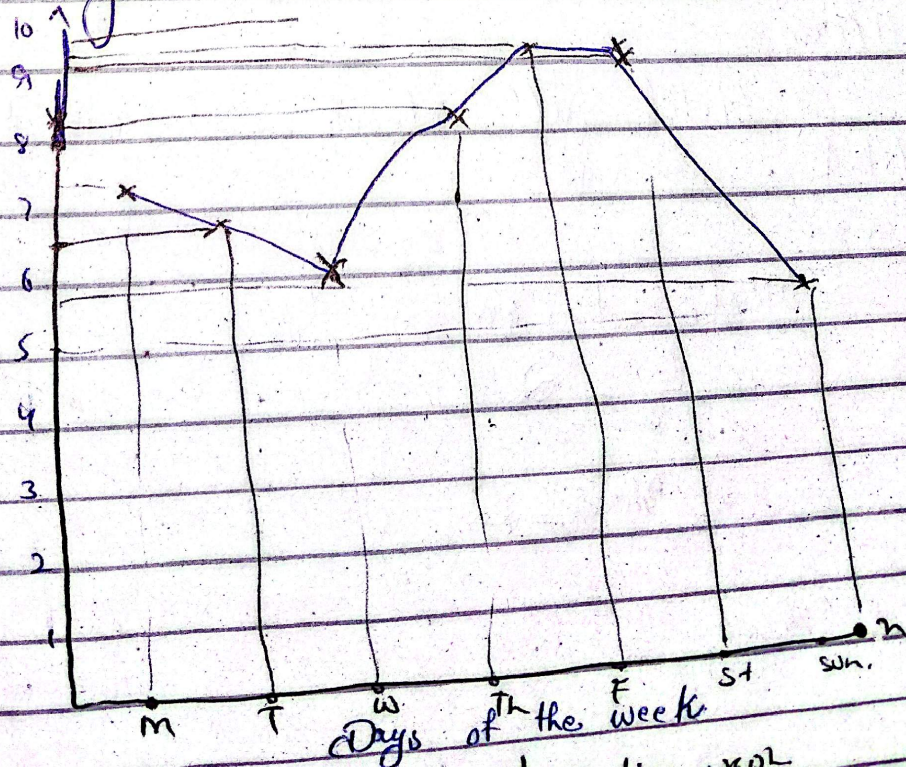

6

8.4

9.2

9.1

5.9
